DATE: May 12, 2023

SUBJECT: Public Hearing to Receive Testimony Regarding the Drawing of Port Commission

District Boundaries Pursuant to Elections Code § 21601

RECOMMENDATION

1. Review draft maps

2. Receive public testimony on drawing of Port District boundaries

3. Consider adoption of Resolution 23-05, establishing Port Commission boundaries

BACKGROUND

On August 10, 2021, the Port Commission adopted Resolution 21-03 declaring its intent to transition from at-large to district-based elections for its Port Commissioners commencing with the General Election in November 2024. Elections code Section 10010 provides that the Port District conducts four public hearings to receive community feedback on the proposed composition of the five districts.

Since adoption of the Resolution of Intent, the Port District has been engaged in outreach efforts to inform the public about district elections and the process associated with their formation. A webpage (www.santacruzharbor.org/transition-to-district-based-elections/) was developed to provide information about district elections including opportunities for when and how the public can be engaged, the official notice of Public Hearings was translated (English/Spanish), and an article was placed in the Santa Cruz Harbor February and March monthly newsletters.

On April 25, 2023, the Port Commission conducted the third of four Public Hearings. At that hearing, four draft maps were presented and reviewed.

ANALYSIS

Based on public input, Commission direction, and other legally required criteria received at that meeting, the District's demographer submitted two additional proposed draft maps for public review and comment (Attachments B & C). The draft maps were posted to the District's website on May 15, 2023.

This is the fourth and final Public Hearing. It is recommended that the Port Commission review the draft maps and if no changes are proposed, consider designating one of the six draft maps as the preferred map via Resolution 23-05 (Attachment A). All necessary public hearings and opportunities for public testimony have been conducted in compliance with State law.

NEXT STEPS:

Upon adoption, Resolution 23-05 will authorize the County Elections Department to integrate the Port District boundary map into the countywide election system. The first by-district election will occur in November 2024

IMPACT ON PORT DISTRICT RESOURCES

There are no impacts to Port District resources associated with adoption of Resolution 23-05.
